

## Chinese Home Cooking Class

On September 5, the popular world cooking class was held at Kikuta public hall. Students learned about Chinese home cooking.

The instructor who was invited was Ms. Urano. She was born in Shinkyō, China, and she has had experience working as a chef in a hotel. Because there was heavy rain in the morning, there was concern about how many students would attend. Fortunately,

the rain stopped, and the class started happily with 16 attendants. The menu was three dishes: shrimp mayonnaise, stir-fried tomatoes, and eggs and potato dressed with garlic and vinegar. Ms. Urano's advice to the students was, "To cook delicious food needs a little trick which sometimes takes time, so don't bother to hesitate to tackle it."
